I've got friends mmm so sweet  
To sing to when I'm passing on the street  
I've got my guitar to play when I'm down  
And a microphone loud enough to rock this town

But it all comes down to nothing in the end  
When you ain't got love  
You ain't got love  
But it all amounts to nothing in the end  
When you ain't got love  
You ain't got love

Well I know what you see  
Just another whiney guitar boy in me  
And I know you know my type  
But it still don't really change the fact I'm right

But it all amounts to nothing in the end  
When you ain't got love  
You ain't got love  
But it all amounts to nothing in the end  
When you ain't got love  
You ain't got love

I got my bike when the road is long  
And my mind is clear and strong  
I got my guns and I've had my fun  
But I still don't have the one

But it all comes down to nothing in the end  
When you ain't got love  
You ain't got love  
But it all amounts to nothing in the end  
When you ain't got love  
You ain't got love

But it all comes down to nothing in the end  
When you ain't got love  
Ooooo  
But it all amounts to nothing in the end  
When you ain't got love

You ain't got love

But it all amounts to nothing in the end  
When you ain't got love  
You ain't got love
