"Someone To Love"

Visit "[Someone To Love](#)" on MotoLyrics.com

Walking down a cold road
No one to call my own
There's gotta be a reason
A reason for why I'm alone

I just want someone to love
I just want someone to hold
And if there's someone to love
I hope it's someone I know

I've known a lot of girls
But there's only been one in my dreams
I'm kind of scared to wake up
Cause when I'm awake I'm just me

Cause if there's someone to love
And if there's someone to hold
I hope it's someone I've seen
I hope it someone I know

I didn't want to fall but it's already done
I'm letting go of holding on

I wonder if you're feeling the same ways as I do
Cause if there's someone to love
I hope that someone is you

I've gotta funny feeling
That the feeling I'm feeling is right

And I'm hoping what you're feeling
Is the feeling I'm feeling inside

Cause you want someone to love
And you want someone to hold
And if it's someone you love
I hope it's someone you know

I didn't want to fall but it's already done
I'm letting go of holding on

I wonder if you're feeling the same ways as I do
Cause if there's someone to love
I hope that someone can

Hold my hand
And hold my heart
And love me to the end

I just want someone to love
And I want someone to hold
And if there's someone to love
I hope it's someone I know

I didn't want to fall but it's already done
I'm letting go of holding on

I wonder if you're feeling the same ways as I do
Cause if there's someone to love
I hope that someone is you

If there's someone to love
I hope that someone is you
