Would you like some fun, or no?
Have you got something to hide?
Do you want to know our secrets?
Oh, I don't remember, really.

It is coming, It's definitely coming.
Don't you interrupt me, who are you?
I am so tired. You are pissing me off.
But doesn't matter, we are lenient, you see.

Would you like some more, or not?
Have you got someone to hate?
Do you want to know our secrets?
Oops, sorry we don't have any.

It is coming. it's so coming.
Never interrupt me, who the fuck are you?

I am so tired. You are pissing me off.
But doesn't matter, we are lenient, you see.

You can join us, come on, you have to.
It's ridiculous to feel shy, who are you?
Ah yes! so sweet, very sumptuous.
Hey, listen up, we are all incidents.

Yes, please. No, sir. Who?
