There was this time when I lost my mind  
When these demons whispered those tempting rhymes  
I was swinging to the rosie beat of a faking bands

On morning after I saw my face  
And I tried to wash up that bitter taste  
Well I don't know why I blew it all the woman of you???  
So I hope you hear my thought

Let me love, let me live  
Let me break these chains of reason  
Let me love, let me live  
Let us start all over again  
Let me love, let me live  
Let us start all over past  
Let me love you, let us live

And now I'm walking down that road  
She won't looking for the sign of yours  
It's so hard to understand why it turned that way  
Staring at my telephone and I listen to our favourite  
song  
Oh I want falling, I have no excuses  
Now I start to shout out loud

Let me love, let me live  
Let me break these chains of reason  
Let me love, let me live  
Let us start all over again  
Let me love, let me live  
Let us start all over past  
Let me love you, let us live

Pause

Let me love you  
Let us live, let us love  
Let me love you  
Let us love, let us live  
Let me love you  
Let us love, let us live

Let us live  
Let us start all over again  
Let us love, let us live  
Let us live  
Let us start all over again and over and over again  
Let us love, let us live  
Let us live  
Let us live, let us live  
Let us love you  
Let us live, let us live  
Let us live  
Let me love  
Let us live, let us live  
Let us live  
Let me love  
Let us live, let us live  
Let us live
