Oh! Give us your vote
Give us your vote
If you know what's good for you

Oh! Give us your vote
Give us your vote
If you know what's good for you

These are the lines
That we straighten every year
But it's the second time
They mapped the constellations

So we'll search for you by night
In the Deptford gravel pit
Until the tramp finds Christ
Injustice is my middle name

Cause you don't need to change
Your future's with us
You don't need to change
Your future's with us

You look a wreck
Left your key inside the door
And my rook will check
Across this black and white chess board

Your English is good!
We can see it in your bones
In this neighborhood
We aint driving you home

Cause you don't need to change
Your future's with us
You don't need to change

Oh, give us your vote
Give us your vote

If your English is good

We can see it in your bones.
