These are words that I wrote
Before I was old and I was..
Mostly now I've seen it all too clear
In those words I wrote I had no fear.

This is where I'm coming from
You know where it all went wrong
You would fall you heard this song
Your parents knew before you were born.

I can't take this on my own
I brought you here so I'm not alone
Please don't tell those that you love
It's true that death comes from above.

So I'm fighting on my own
You never feel alone that's alright
So I'm fighting on my own
You never alone that's alright.

Lay with me and watch the sky
Do your tears flow away when you cry
The purpose of the life is not to hide
A wise man say it's just a ride.

So I'm fighting on my own
You never feel alone that's alright
So I'm fighting on my own
You never alone that's alright.
