She's deceptively promiscuous,  
Double standard evil bitch,  
Ain't no plot that she won't twist,  
Ain't a drama she would miss,  
To get me caught up in,  
Ain't no man she wouldn't use,  
Every way she bends the truth  
Bet ya she is just like you  
All the other ladies too,

Could you all just be the same?  
Brought into this world to drive me insane,

If you think I'm gone then prove me wron  
I don't want to sing this song,  
I'd rather know a girl's out there to help me move on,  
It's been so long I'm not as strong  
I don't want to sing this song,  
So please oh please just prove me wrong,  
Please oh please just prove me wrong,

Bet you ain't gonna prove me wrong,

Cuase I think your secretly promiscuous  
Hypocrite and evil chick  
Devil in disguise  
Fire burns behind your eyes,  
But I hope that you're an angel,  
I can't lie now  
I'm just another pessemist,  
No faith in future bliss  
Only in persuasive kisses,

Could you all just be the same?  
Brought into this world to drive me insane,

If you think I'm gone then prove me wron  
I don't want to sing this song,  
I'd rather know a girl's out there to help me move on,  
It's been so long I'm not as strong  
I don't want to sing this song,

So please oh please just prove me wrong,  
Please oh please just prove me wrong,
