Baby sits down in my favorite chair  
I sit on the ground and play with her hair  
Who knows what I'd be without her  
I never want to find out  
Walking her dog on the 4th of July  
Waxing her car and flying a kite  
She's my everything  
My everything

Bit by bit I'm gone  
I've been bit by puppy love  
Mothin is foaming my baby gave me, Baby gave me  
Rabies that hit like bricks  
Save me I think I'm sick  
Shoot me I think I'm starting to care

Looking around for the rest of my life  
The part with my friends and the rest of the guys  
Got to the ring and I started to swing  
Who knew what I was fighting for  
She called me by name and said would you please  
Put down the gloves and drop to your knees  
Be my everything  
My everything  
Bit by bit I'm gone  
I've been bit by puppy love  
Mothin is foaming my baby gave me, Baby gave me  
Rabies that hit like bricks  
Save me I think I'm sick  
Shoot me I think I'm starting to care

Rabies I need a shot  
To save me from what I've caught  
Shoot me I think I'm starting to care

So if she asks for me I'm gone  
Tell her I said she can carry on  
And that she has to let me go  
That is all she needs to know

Bit by bit I'm gone  
I've been bit by puppy love

Mothin is foaming my baby gave me, Baby gave me  
Rabies that hit like bricks  
Save me I think I'm sick  
Shoot me I think I'm starting to care

Rabies I need a shot  
To save me from what I've caught  
Shoot me I think I'm starting to care
