Don't think it's over but you're wrong
I lied
I lied
I hope you hear this stupid song
And you cry
Yeah you cry
Yeah I refuse to be an astronaut
So I'll take my space
Get a brand new monkey
He can have my place
Oh yeah, oh yeah, oh yeah, oh yeah

You're just a really stupid girl
My big mistake
There's only one rule in your world
I get you take?
And everywhere we go
The girls are hotter than an endless summer
And nights get colder
And you get dumber
Oh no, oh no, oh no, oh no

Well what about me
What about you
What about all you put me through
What about us
What about them
What about everyone
What about love
what about hate
What about the time's that you were late
Forget about him
Forget about you
What about me

There is nothing left to say
I'll go
Yeah I'll go

You're just a really stupid girl
And I know that you know
It took a second but it all sunk in

And I had no doubt
I was pullin in as he was pullin out
Oh no, oh no, oh no, oh no

Well what about me
What about you
What about all you put me through
What about us
What about them
What about everyone
What about love
what about hate
What about the time's that you were late
Forget about him
Forget about you
What about me

What about this
What about that
I think I'm gonna take my CD's back
What about sex
What about me
What about sex with me
What about the girl's
What about the boys
Let me hear you sing and make some noise
Forget about you
It's all about you
What about me
