In a town that's all tinsel and teeth  
It's getting hard to compete  
You don't need brains or glasses  
To see it in their face  
Or feel it in their asses

She checks her face on the Sunset Strip  
Lights a cigarette, exhales the hit  
And now a word from our sponsor  
Every once in a while do you have trouble getting it up  
Up from the couch and the show she's been watching  
Where her eyes do the listening  
Her box does the talking

You have no idea I'm even alive  
\*TV Queen\*  
And if I couldn't ever see you again you'd say "well  
that's fine"  
\*TV Queen\*  
But you fail to see what you've done to me  
And how you've come to be my TV, my TV Queen

My TV Queen  
My TV Queen  
Yeah

Mr. Johnson, I've got really bad news  
Your girlfriend's an alien, twelve months due  
Due to the smog in California  
Every once in a while I have trouble getting it up  
Up to the level that I know I'm missing  
My eyes can't see the lips I'm kissing

You have no idea I'm even alive  
\*TV Queen\*  
And if I couldn't ever see you again you'd say "well  
that's fine"  
\*TV Queen\*  
But you fail to see what you've done to me  
And how you've come to be my TV, my TV Queen  
My TV Queen  
My TV Queen

My TV Queen  
Yeah
