Let me ask you a 'yes or no' question.
Do you believe in real love?
The powerful connection?
The kind that pulls you heart in ever direction?
You say yeah you do, but you've heard a hundred
times/.
Well this time, this guy is crossing his heart,
I'll sign dotted lines.
Whatever it takes let me set this straight.
You see love to me is a different beast,
It's a living breathing lesson,
And you just schooled me at first sight.

My life story consists of battle scars and typecast parts
I'm the good guy that never wins.
Can we please rewrite this with a twist?

The ride home was a little less exciting.
It's kind of hard to feel good about perfect silence.
From the pit of my stomach to the soles on my shoes,
I knew I was wrong for breaking the news.
So I grit my teeth and start my apology speech.
It's the least that I could do.
You looked at me, I looked at you,
Opened my mouth, nothing comes out.
Not one damn word that's all I need
Oh please tongue don't fail me.

My life story consists of battle scars and typecast parts
I'm the good guy that never wins.
Can we please rewrite this with a twist?

Sitting in my car take a deep breath,
got to make it count I got one shot.
Sitting in my car take a deep breath,
got to make it count I got one shot.

My life story consists of battle scars and typecast parts
I'm the good guy that never wins.
Can we please rewrite this with a twist?

My life story consists of battle scars and typecast parts
I'm the good guy that never wins.
Can we please rewrite this with a twist?
