What if tonight the world stopped spinning around
What if the ocean broke away from the ground
What if the sun disappeared from the sky
What if we had to kiss this whole world good bye

I'm gonna live tonight like the last night of my life
Like a wise man said one day I'll be right
And if we're gonna go down let's go down in style
I'm gonna live tonight like the last night of my life

Ooooooooooooo ooooooooooooooooooooo
Ooooooooooooo ooooooooooooooooooooo

And if we're gonna go down let's go down in style
I'm gonna live tonight like the last night of my life

Ooooooooooooo ooooooooooooooooooooo
Ooooooooooooo ooooooooooooooooooooo

And if we're gonna go down let's go down in style
I'm gonna live tonight like the last night of my life

Ooooooooooooo ooooooooooooooooooooo
Ooooooooooooo ooooooooooooooooooooo
