Cowboy games
I won't name names
Cos it makes me tired
And causes pain
These cowboy games
Cowboy ways
They're all the same
Boots & dust
Do nothing but drain
My cowgirl days
Cowboy rules
Learnt at school
Tastes like dawn
Feels like new
It's no surprise
Cowboy eyes
Will undress you
Spread your thighs
These cowboy lies
Cowboys walk
When you call
It's not true
He stands at my door
It's not like before
Cowboys then become men
Who we then take to bed
