This moment is golden
This time frozen
These eyes touch you
What were you thinking

This body's a mess
This thought undressed
I don't know
This I confess

This mind is changing
This body rearranging
Taking the old
Breaking the mould

This heart was taken
This heart was breaking
Then I grew
Strong & met you

ANYTHING IS POSSIBLE
EVERYTHING IS PROBABLE
IN HERE. IN HERE
ANYTHING IS POSSIBLE
EVERYTHING IS PROBABLE
IN HERE

This breath is shaking
This stomach reacting
Caressing you
& all that you do

tremulous fingers
energy that lingers
I am aware
Kiss truth or dare

ANYTHING IS POSSIBLE
EVERYTHING IS PROBABLE
IN HERE. IN HERE
ANYTHING IS POSSIBLE

EVERYTHING IS PROBABLE
IN HERE

these trees are growing
these rivers flowing
I'm stripped. I'm bare
I am enchanted
Stretch this limb
Lean into share
A new dance is willing
A new life is calling
Precious
No fuss

ANYTHING IS POSSIBLE
EVERYTHING IS PROBABLE
IN HERE. IN HERE
ANYTHING IS POSSIBLE
EVERYTHING IS PROBABLE
IN HERE

These lungs are filling
This life is thrilling
Luminous soul
Help me grow old

A seahorse on sunset
Flat pool preset
Drown in love
Don't ever forget
