Voldemort's Avada Kedavra
Gonna kill you dead, Avada Kedavra
It'll make you scream and cry for your mother
Make you ride in a hearse from a deadly curse
Every guy whose been through Avada now
Is dead or worse, except Mr. Potter
And it feels a bit like volcano lava
But a little bit more painful

Harry's lived so far, with nothing but a scar
Why it hurts him I can't say (Voldemort transferred
power that way)

So take it back, Avada Kedavra
No you can't take back Avada Kedavra
It'll burn you like a hot cup of java
Like a break to the nogin only worse
It's that Unforgivable curse

Ohh Ohh Ohh
Ohh Ohh
Ohh Ohh
Voldemort, Voldemort (x2)

Harry's lived so far, with just a lightning scar
Heed the prophecy's advice (could it be lightning's
gonna strike twice?)

So take it back, Avada Kedavra
No you can't take back Avada kedavra
So good-bye, auf Wiedersehen, Sie Enara
Will young Harry Potter follow through
That's nobody's business but his own

Voldemort (Harry)
