A-Nice on the beat
Yeah! Already! Niggas already know what it do ya
heard me
J.L.R A.M.F
I be in the cut
Focused on my bucks
Getting it like I ain't never had
My phone be blowing up, showing up
Money calling when my bitches ringing up the other
She bad tho
I bust her up
Now she'll be just another
My cash tho it's looking lovelier than just a woman
The stacks, so I stick to the script and that's 100
My grind status bound to reel in mills
If I keep hustling
My rhyme pattern on a yellow brick road and im comin
Pineapple express I keep that piff down bout a onion
Of that shit I gotta couple more and that's no stuntin
It's granddaddy O.g. That diesel got me slowly coastin
Blue cheese in my raw come and it's potent
A1 on the list and that's the only thing we blowin
U past tense if u be smoking on that Reggie Owens
Purple in my cup u see me leaning off that potion
Mrs Butterworth she kicking it with me say im important

Chorus 2x:

Look all I know is staying fly, I be getting high
Look all I know is staying fresh these hoes say im a
mess
But I be all about my hundreds all bout my finesse
That swag shit im loading money in my treasure chest

My mind be on them bucks
Smoking on that tough
Running thru the city in a jiffy im just loading up
Rubberband them bands
Look u see them numbers growing up
They be duffle bag up on the seat well and u know
what's up
When I hit the scene that's with my niggas I be on that

stuff

Purple str8 drop while I be burning on a purple blunt
All at the same time the bitches staring Trynna know a
bruh

I stay up on mine cuz in this lane women be showing luv
All I know is grinding from the bottom serving 10s and
20s

It was all good up in the hood I had to get that money
Watch out 4 the snakes cuz in the grass I find u then im
coming

U know that's a fact im bout to handle business when
it's rougher

Then I sit back nigga cooling chilling while im puffing
Look I chase cheese my time is valuable when I be
running

Never chase the pussy I just let the pussy chase
By time it get to me I should be wetter than a grape
I'm in a race

Chorus 2X.
