It allways ends up you and me.
Why can't you see we were meant to be,
all the time we spent together,
i thought we'd last forever.

You are my world.
You are my everything.
You are my world.
You are my everything.

Does that mean anything to you?
Do I mean nothing to you?

Everything was all better for a while,
just like allways it had to end.
Did you even think of me?
All you wanted was some pleasure.
All I want is to be together.

Why'd you do this to me?
(how could you be so selfish)
why?
I can't live with this pain,
the pain of pleasure.

You pretend like its all the same.
But inside you knew the truth.
You just need to take a long look.
A long look at what the fuck you've done to me.
You've killed me, it's all your fault.
Your the one to blame.
You fucked me up and put me to shame.
Put me to shame.
Put me to shame.

Why'd you do this to me?
(how could you be so selfish)
why?
I can't live with this pain,
the pain of pleasure.
Your the only one that can make me better.

Only you can save me.
