If I could rewind every single moment with you, lies
wouldnt roll on your tongue

You're such an endseeker falling through the cracks
Do you even know what empty fucking means?
I can promise you that things will never be the same
Do you wanna know my plans on a fucking revenge?

So I took off and left it all behind

Are you going to leave me roses when I'm gone?
I would rather die than stay here with you
I will not accept your apologies because I know I can't
trust you

Are you going to leave me roses when I'm done?
I would rather die than stay here with you
I will not accept your apologies because I know I can't
trust you

If I could rewind every moment

Before another disaster will appear I must let it all slip
away
And I know this will always be a part of me and I can't
escape
How will you apologize me when I am empty and dead?
How will you overcome yourself when your life is an
sinking ship?

Are you going to leave me roses when I'm gone?
I would rather die than stay here with you
I will not accept your apologies because I know I can't
trust you

Are you going to leave me roses when I'm done?
I would rather die than stay here with you
I will not accept your apologies because I know I can't
trust you

Why did you leave me broken?
