I dragged her lifeless body to the deepest seas  
Please show me the way out of this fucking hell  
You could guide me to heaven with this sorrow  
I have fallen into darkness, my so called home

The screams came from the bottom of her lungs, the  
cries for help.

The regrets are crawling on my back  
My eyes are heavy from all I've seen  
I can't believe I gave you my heart  
Since you threw away the fucking key

I feel the demons crawling inside of me  
I'll drag to you to hell so you can feel me everyday  
Every step I take is a step closer to my funeral  
Can't you feel that I'm rotting away from you?

The screams came from the bottom of his lungs, he  
cried for help.

The regrets are crawling on my back  
My eyes are heavy from all I've seen  
I can't believe I gave you my heart  
Since you threw away the fucking key

With the sins around your neck I can finally breathe  
again  
You got what you deserved In exile to nothing, nothing  
but a paradise  
A paradise for beings like you

The screams came from the bottom of their lungs, the  
cries for help.

The regrets are crawling on my back  
My eyes are heavy from all I've seen  
I can't believe I gave you my heart  
Since you threw away the fucking key

The regrets are crawling on my back

My eyes are heavy from all I've seen  
I can't believe I gave you my heart  
Since you threw away the fucking key
