My soul has spoken, a part of me just died  
And I feel sorry for all the things I've done

You tore me apart this time and there we were against  
eachother  
Little words became argues, your blood were no longer  
inside  
Who will help you when I cannot help myself? Careless  
of what could happen  
And when the anger took over there were no turning  
back

My soul has spoken, a part of me just died  
And I feel sorry for the things I've done  
My heart is broken, a part of me have died  
And I feel sorry for all the things I've done

You were no longer alive, why didn't we take it with  
words?  
What would I tell your nearest?  
"You know, accidents accure"  
I don't think so, I guess people like me don't belong in a  
normal life cuz we're too fucking insecure

It hurts to know that you're not with us anymore  
I wish I could make it up to you, someday somehow  
But I'm too afraid to die, atleast by suicide  
So don't count on me  
I guess the gates of hades are better for people like  
me  
I'm such a traitor, a dissapointment for humanity

My soul has spoken, a part of me just died  
And I feel sorry for the things I've done  
My heart is broken, a part of me have died  
And I feel sorry for all the things I've done
