Couldn't care less what price I gotta pay  
Everyday with you is like a holiday  
I don't give a flyin' fuck whatever people say  
Nothing can keep me from my holiday, my holiday

I'm sick and tired of the games they play  
Everyday with you is like a holiday  
And when you call on me I come with no delay  
Nothing can keep me from my holiday, my holiday

I bless your name for letting me get away  
Everyday with you is like a holiday  
And when I hear your voice I'm far beyond okey  
Nothing can keep me from my holiday, my holiday
