Let's make it happen
We'll meet at your place
Let's make it happen
I've been waiting for days

Let's make it happen
Boy I need to breathe
You know me
I've got a need for speed
A need for speed

Forget about labour
It's time to wake the neighbours

Let's make it happen
Turn up the bass
Where ever we go
We will take over the place

Let's make it happen
Boy it's in the air
I'd sell my soul
For this to last forever

Shake, shake it baby
Shake it baby
They can't touch us tonight
Shake, shake it baby
Shake it baby
They can't touch us
They can't touch us
They can't touch us
No one can touch us tonight

Forget about labour
It's time to wake the neighbours

And if someone tries to disturb this groove
This someone sure made a fucked up move
Call the police it won't spoil our plans
Against the baseball bat no one has a chance

No one has a chance

Big city
Bright lights
Cool people

Forget about labour
It's time to wake the neighbours
