Alfie, can see
Johnny and Freddie outside the Bronx
and he, will be
happy with this memory
CHORUS:
And it's all echoes, where Alfie goes
the Bronx is in his head
Alfie's home is through, the life he knew
has all gone down... with the Bronx
Alfie, sadly
misses the only true friends that he had
now he, can't see
himself ever being happy
CHORUS
Alfie's home in the Bronx
he belongs in the Bronx
Alfie, now he
Johnny and Freddie remember the Bronx
and the family
Alfie once had in the Bronx
