Ran over by a bus up the high street

Dougy only feels a tickle in his feet

the driver shouts Oi! are you alright

but Dougy's on his way

Dougy then has a little mishap

when a geezer comes along and gives him a slap,

Dougy said it's wise that you apologize

or else you'll face D D D Dougy

[Chorus:]

Beware, beware, beware, beware,

never never mess with Dougy Bell

beware beware beware beware

never never mess with him

D you, d you, d you, do you wanna be like Dougy

or d you, d you, d you, d you wanna be like me

I wanna wanna wanna be like Dougy.

Dougy's getting sick of burglaries

he's changed all the locks

and he's bought new keys

he's gonna get the robber no matter what it takes

he's gonna die

Dougy sits waiting with a hammer on his bed
some dirty rougues gonna get a sore head
fifteen villains or maybe even more
ran when they saw D D D Dougy

[Chorus]

Dougy's in the back room playing pool
he's lost five quid but he keeps his cool
Dougy is a winner he'll not be beat
so the game goes on.

Half an hour later when the poolroom's in a wreck
the opposition tries to stick something down his neck,
He began the cry cause he was gonna die
Cause he fooled with D D D Dougy

[Chorus]
