"I'm so glad" he tells me and you,
"It's so sad" we know it ain't true:

Ooh, in Tommy's head

He told me, "I'm head over heels," a phoney

We know what he feels, but Tommy thought he knew:

[Chorus]

In Tommy's head, he can't believe

" " " she had to leave

" " " he'll always yearn

" " " she will return

" I don't mind" at peace now he thinks

We ain't blind - we know what he feels - what he always
dreams

[Chorus]

:and he just can't hide, that feeling inside Tommy

[Guitar Bit]

[Chorus]
