"Stay Mellow"

Things do go wrong, it's not long since I've been blue,

But I know the remedy, I can see just what to do...

Don't be a coward, don't be yellow,

It always pays to be mellow,

Stay cool, stay free and then you will see,

It's best to stay mellow...

I was upset and in debt with no money,

But I did not stay sad, it's not that bad, so remember...

Oh if you are down in the town with no bus fare,

Start walking and smile, in a while you'll be back
home...
