I'd have a hysterectomy, I'd have a blood transfusion

I'd even have a vasectomy, with no trousers on

Spend a month in the infirmary, operate on me night &
day

But my dentures disappear everytime I hear them say

Psycho, psychosurgery

[Chorus:]

Let me out, Let me out

Dumped in the dentists chair

Psyiiiicho surgery, psiiicho surgery

Let me out, Let me out

I'm in agony, I must be dumb, I should'na come

To the psychosurger, psychosurgery

I'd have a leg amputated, you can pull my appendix out

Fix a foot that's dislocated, I'll say I felt nowt

Acupuncture ain't no problem, bravery's my middle
name

But I just can't face that lang filling place again

Psycho, psychosurgery

[Chorus / Guitar Time]

I'll never set foot down that dental nutters lane...again

[Chorus]...Let me out
