I can tell you a million things about this life that I don't  
know  
Not to mention all the places I may go.  
So if I never see the river Jordan  
that's okay, you can tell me about it.  
But when you talk about this love  
that I have on the inside  
I can't stop talking about it.

(Chorus)

If this ain't love  
then the sun don't shine  
and the rivers don't flow  
If this ain't love  
The I ain't never seen a mountain high  
If this ain't love  
that I'm feeling way down in the bottom of my soul  
I'll lay my life down if this ain't love!

You can tell when the seasons change  
you can see the leaves turn  
Get too close to the fire  
and you're guaranteed to get burned  
They say when you find real love  
there ain't no way you can live without it  
and when it comes to this love that I have on the inside  
There ain't no doubt about it

(Chous)

If this ain't love  
then the sun don't shine  
and the rivers don't flow  
If this ain't love  
The I ain't never seen a mountain high  
If this ain't love  
that I'm feeling way down in the bottom of my soul  
I'll lay my life down if this ain't love!
