I'm at the water's edge

And I'm peering closer

This is where I will be

Where you can find me

My shadows kissing secrets

Your heart's in agony

I never meant to make you cry

Love come back to me

Troubled boy I'll kiss you one

Last time and then say goodnight forever

Little girl, I'm not feeling well

These nights are long enough

Without you

Who's sending letters through the mail

Stop and quit calling my name

Who's empty chair is at the table

It's mine and I left you alone

Who changed the locks

Who took the pictures off the wall

String me along like a beautiful love song

Carolina, carolina, carolina, carolina

Now that I have you may I use you as a muse

And keep you up all night

Trading stories of whisper singing love

Troubled boy I'll kiss you one

Last time and then say goodnight forever

Little girl, I'm not feeling well

These nights are long enough

Without you

Who's sending letters through the mail

Stop and quit calling my name

Who's empty chair is at the table

It's mine and I left you alone

Who changed the locks

Who took the pictures off the wall

String me along like a beautiful love song

All I want, all I need

All I want, is to be oohh

Dodododododododododododo

Ohh

Who's sending letters through the mail

Who's empty chair is at the table
Who changed the locks
Who took the pictures off the wall
String me along like a beautiful love song
