You made me
You made me
You made me
You made me
You made me
I get it can't you see it all over my face?
A-ha
I tried to hide it
But I kept in covered in case
Cause I liked it
I've got a green light
I'm glad we had the party at your place
Oh yeah
It didn't feel right
Turning back to amber
Red light
Red light smells the danger
Ah ah ah ah ah ah you made me
Ah ah ah ah ah ah you made me
Ah ah ah ah ah ah you made me
Ah ah ah ah ah ah

Tv cheats, herbal tea, money back guarantee
Ladytron, Lady Dia
How'd you make your baby cry!
FTQ, FTP, Bobby Dees and Mozambique
Me? I'm on Decatur Street
You made me
You made me
You made me

Dancing on the ceiling
Dancing on the floor
You made me like it
More and more
More and more
More and more
More and more
You made me like it
Ah ah ah ah ah ah
Ah ah ah ah ah ah
Ah ah ah ah ah ah

Ah ah ah ah ah ah ah

I tried living in a movie
Seemed like bad TV
And then you walked on
Barely said a line
You got an Oscar
And you gave it to me
Well how about that!
I'm glad we made the movie at your place
Oh yeah
Oh yeah
Oh yeah
I got a red light turning back to amber
Green light
You made me like it
You made me like it
(You made me)
You made me like it
(You made me)
You made me like it
(You made me)

There's no one on Decatur Street.

Dancing on the ceiling
Dancing on the floor
You made me like it
