"Call It A Night"

I'm dreaming, dreaming that I must be dreaming
I'm leaving 'cause I can't make myself believe in
waiting
(Go)

It's all so simple when you're on top of me
And I don't have to think about anything at all tonight
Except how beautiful you are beneath these glowing
stars
She whispers
"Do you think that this could work?"
And I say
"All I know is how I feel
And there's something here
That makes me want to stay all night
Turn out the light
Relax and soon this will all be over"
(One, two, three go)

It makes no difference 'cause I'd already learned my
lesson
I'm not one for seconds if I have to hear about
tomorrow
So you can call me crazy and do your best to change
me
She cries
"I just don't know you anymore"
And I say
"All I know is how I feel
And there's something here
That makes me want to stay all night
Turn out the light
Relax and soon this will all be over"
What's the point of holding on
When deep inside you know it's wrong
Save your breath 'til this time tomorrow
You awfully make it hard to leave
When you act like we can start again
Here's your kiss goodbye
I'm dreaming dreaming that I must be dreaming
I'm leaving 'cause I can't make myself believe

But I can sympathize
