Is this another dream
Or is it fall again
It feels like we just met yesterday
And I just want to scream
"This can't be happening"
Please don't grow up without me

Hold my hand and look me in the eye
Fall asleep with me just one more time
Tell me that we'll always be best friends
And make this feeling last until I see you again

Can you be so convinced that one more night won't kill
you?
Our sunrise will never be the same
Maybe it's for the best but still I need to tell you that
being bored never felt so good

Hold my hand and look me in the eye
Fall asleep with me just one more time
Tell me that we'll always be best friends
And make this feeling last until I see you again

September's never felt so lonely
September's never felt so cold
September's never felt all so completely out of my
control

Why can't you stay
(Why can't you stay)
With me forever and tell me stories of those nights I
can't remember
When the clearest skies seem gray, know that I'm only
a phone call away
I can't stand this
Understand this
Hurts more than you know
I can't stand this
Understand this
I just can't let go
I just can't let you go

I just can't let you go
