Well there's a rockin' little spot  
Next to the Regent Theatre  
And if you wanna make the scene  
You'll make it sooner or later  
You're really hanging with the crowd  
You know the ins and the outs here  
All Canadian Surf Club  
Denim jackets and long hair

Well we're rocking to the beach  
Watch the waves as they roll there  
I meant I really dig you baby  
Make me wild with your blonde hair  
Yeah, when your dancin' next to me  
I want to roll and die there  
I'll be designing my buggy  
While I'm thinking about next year

Walk across the sand  
With another friend  
My love depends  
When summer ends

You really abuse and use the beach  
Cause there's things that you need there  
I got my guitar, cadillac  
Chick and twenty four cold beers  
Yeah, when your dancin' next to me  
I want to roll and die there  
All Canadian Surf Club  
Denim jackets and long hair

Walk across the sand  
With another friend  
My heart depends  
When summer ends  
Denim jackets and long hair  
I want to roll and die there  
Make me wild with your blonde hair  
Yeah
