Bring me back in shackles,  
hang me long out in the sun,  
exonerate me, forget about me,  
I recommend measures for ending it.  
Lover, she simply slammed the door.  
She said, "you're gonna miss me,  
Wait and you'll see." fully, completely  
I ponder the endlessness of the stars,  
ignoring said same of my father.  
Either it'll move me  
or it'll move right through me;  
fully, completely

Bring me back in shackles,  
hang me long out in the sun,  
exonerate me then forget about me  
wait and you'll see,  
just wait and you'll see  
fully, completely
