I need your confidence  
Need to know you're mine  
When it gets right down  
To the killing time  
I know your heart is bad  
But it's all I've ever had  
We can live you lives  
On this righteous crime.

I got kicked when I was down  
And a sailor took my girl to town  
Then she licked my wounds  
With the sea dog's salt  
I drank a half a bottle of Jack  
Swore I'd never take you back  
By the bottle's end  
I was on that phone.

What you call compromise  
I don't understand  
What call compromise  
I don't understand.

How do you walk away?  
How do you walk away?  
How do you walk away?  
From a woman  
That gone and done you wrong?
