Thompson Girl, I'm stranded at the Unique Motel  
Thompson Girl winterfighter's shot on the car as well  
looks like Christmas at 55 degrees  
this latitude weakens my knees, Thompson Girl

Grunt work somewhere between dream and duty  
poking through with all them shoots of beauty

Thompson Girl walking form Churchill  
across the icy world with polar bears it's mostly uphill  
but when she saw that nickel stack  
she whistled hard and I whistled back, Thompson Girl

Grunt work time between dream state and duty  
poking through with all them shoots of beauty  
grunt work somewhere between dream and duty  
poking through with all them shoots of beauty

Thompson Girl we're down at the deadhouse plants  
Thompson Girl we've jettisoned everything we can  
she says springtime's coming  
wait til you see  
it poking through with them shoots of beauty  
it's time we end this siege together, Thompson Girl  
Thompson Girl  
Thompson Girl  
Thompson Girl
