"I bless your every word" was written in the curse
Strung out like jewels "I bless your every word"
Yeah I know, yeah I know, yeah I know
Here it comes again, here it comes again

You put a spell on me

I cut the demon cards and draw the baddest ign
Slowhand with the fakers that trespass through my
mind
Yeah I know, yeah I know
Here it comes again, here it comes again

You put a spell on me

I forgive you, I forgive you everything
Your sins were never seen
I forgive you everything
I forgive you
But it's always too late, yeah always too late
But it's always too late, yeah always too late

I bless the very heart that tears me apart
I bless the very heart that tears me apart

You put a spell on me
You put a spell on me
You put a spell on me
You put a spell on me
