I sit alone in my chair/no one knows what's in my head
Oh and then I realize/I'm alone & I don't mind
I don't mind/I don't mind
I would rather be on/ another cloud where
it always rains, anyway
I sit alone in this room/I never cared too much too soon
oh and then I realize/I'm alone & I don't mind
I don't mind/I don't mind
I would rather be on/ another cloud where
it always rains, anyway
I don't mind/I don't mind
I would rather be on/ another cloud where
it always rains, anyway
Kill me soon...Kill me soon....Kill me soon....Kill me soon
