Visit "[Could've Been Me](#)" on MotoLyrics.com

It could've been me with no clothes, no shoes and no
food to eat

It could've been me, without Your love

Lord tell me where would I be

It could've been

Me in the cold with (everything gone)

No house, no job (outside all alone)

Sitting trying to figure out (where I went wrong)

Can somebody help me (tell me what do I do)

Can't feed my kids need (money for the rent)

Bills after bills but (everything's spent)

The enemy telling me you (might as well quit and)

With tears in my eyes crying (Lord please get me
through)

See it's easy to complain ('bout material things)

When you don't have to worry ('bout whatever life
brings)

But somebody tonight (don't know what they gonna
eat)

So I gotta be careful ('cause it could've been me)

See that's the reason (I just can't thank You enough)

No matter how hard I try, Jesus I realize

[Breakdown:] Oh...Oh

[Vamp 1:]

Thank You [x2] (then I) could've been me

You didn't have to do it, no. Thank You

[Vamp 2:]

Too good to stop now Father

I wanna give You thanks some more

All the things I've been through

Now I see I'm better than I was before

When I think about all You've done

How You've opened up every door

I can't help but say thank You

And if You wanna help me get up on the floor (help me

now)
