[KOLGATE!] Aww, what the fuck happened in here last night?

[BREWER!] Why's Jim Naked in the bathtub?

[KOLGATE!] Who the fuck broke my Village Peoples record? I'm gonna kill'em, I swear!

[BREWER!] Where'd all my vasoline go?

-laughing-

[JIMOTHY!/KOLGATE!, BREWER!]

No two nights are the same with us,

Just laughin snappin them pictures,

Party so loud, how could you miss us?

(Rollin with the good times, flowin with the good times.)

So come and party with us!

No two nights are the same with us,

Just laughin snappin them pictures,

Party so loud, how could you miss us?

(Rollin with the good times, flowin with the good times.)

So come and party with us!

[KOLGATE!]

Summer nights, it feels right,

we poppin bottles. Not tonight,

We're sittin back, fire side,

marshmallows runnin dry, runnin dry..

we make s'mores, we pour some more,

we chillin, chillin, chillin, chillin.

Summer nights, bar fights, tattoos and, skate shoes and,

this is what we do, summer time have fun let loose,

pick and choose, who ya dancin with,

boys - who you look the most handsome with.

girls - who you look the most sexy with,

Grab her hips, grab her hips, then dip!

Grab ya hips, grab ya hips, then dip!

Trap House Rave!, that's who you're rollin' with!

[JIMOTHY!/KOLGATE!, BREWER!]

It's time to kick it like it's back in the day,
could never land a kickflip, grab your deck, anyway,
reminisin, times I'm missin,
girls I was kissin, vodka I was pissin.
All the good time before I became an adult,
ya say I not still, hey it ain't my fault,
I hang on the porch till the early A.M.,
skate home, go crash, wake up, start again!
Never need a reason to chill with the boys,
hang with the girls, aww lifes simple joys,
pop in a CD of my favorite tracks,
crank it up, to the max, turn it loud, such a blast!
gone deaf from all the concerts, honest I've seen more
shows then Tivo,
beyond this, I can't see life getting any much better,
live life forever, Live young forever!

Summertime and the livings easy,
sippin my whisky and smokin my weed,
all the bad girls wanna roll with us,
all I want is a good girl I can corrupt,
grab the kiddie pool, fill it up! fill it up!
K-Y jelly, where's the sluts?! where's the sluts?!
flyin high, rollin low, town to town, next show,
long rides, rough roads, fast chicks, lets go!
back to the bus maybe just for a bit,
shake your ass, let me see you workin it,
next time that we're in town baby we should kick it,
break it then fix it, this feelin I'm missin,
sittin outside, starin at the skies, relaxin with you,
no worries on my mind. Pack it up and go,
next town, next show.
It's good to know that I'm not alone!
