We will not be afraid when evil comes our way
Though we walk through the darkness
Our God is our fortress
He's our strength
We will not be dismayed when our enemies rage
Though they rise up against us
Our God is our fortress
He's our strength

Fearless, make us fearless
Give us courage for You are with us
Fearless, make us fearless
Come and mark us with Your boldness
And make us fearless

We will not be afraid when evil comes our way
Though we walk through the darkness
Our God is our fortress
He's our strength

Fearless, make us fearless
Give us courage for You are with us
Fearless, make us fearless
Come and mark us with Your boldness
And make us fearless

We will not fear the night
Your love is by our side
Your love is by our side
No plague can overcome
The battle has been won we are victorious
No height, no depth can ever separate us
Your love, Your love, Your love will make us fearless

Fearless make us fearless
Give us courage for You are with us
Fearless make us fearless
Come and mark us with Your boldness
So come and mark us with Your boldness
And make us fearless
