I think of you all the time
There's no need to remind
All these feelings inside

I know there's no one to blame
That I still feel the same
After all of this time

It's taken me years to get where I'm at
And I'd be a fool if I wanted you back
So many days sung out in a song
Each one the same: forgotten and gone
So many nights were not real life,
Wasted away my sweet Caroline

Caroline likes the color grey
But I don't understand cause it doesn't fit
She goes out walking in the rain
And she only gets a laugh from a chick-flick

Take me everywhere you go
Hop skip jump like we used to
Tell me everything you know
Sweet Caroline the only one I listen to

And there's no reason why
We can't spend this night together baby
There's no reason why
And I'm a fool to love forever baby
There's reason why, and we'll always be alright
There's no reason why

Caroline talked about a dream
Run away to Nevernever Land
We'd sit for hours by the creek
And we never understood what we coulda had

A smile is growing on her face
She don't understand and she doesn't care
We hide out in our secret place
Caroline grew up and she disappeared
