BRACE YOURSELF!

In a flurry of panic
In a furious rage
From each person to person
Come together and formulate as one
In a passionate anger
In oblivious hate
Like a sea of enigmatic power
It's time to make them see we're great

This is not the end
It's just where it begins
This is not the end
We're only ready to begin

BRACE YOURSELF

In a hideous mindfuck
In a destructive force
Putting our mark on the planet
Make sure we're not fucking ignored
We're like a scar you just can't hide
We're like a slit in your face
We're the ones you aligned yourself against
Putting you in your place AH!

This is not the end
It's just where it begins
This is not the end
We're only ready to begin

BRACE YOURSELF (x4)

You aren't ready for this (x3)
YOU AIN'T READY FOR IT!

This is not the end
It's just where it begins
This is not the end
We're only ready to begin

This is not the end
It's just where it begins
This is not the end
It's where history started

BRACE YOURSELF
