

Tremulant "Silencer"

Visit "[Silencer](#)" on MotoLyrics.com

I hear your voices spreading the daily disease
Haven't heard a thing that describes me
All I've received are lies and slander
And as the day goes they only get grander
I don't know how
I don't know why
I do know one thing though
You better

Shut the fuck up (x4)

And when I see you I'm gonna paint your teeth so red
You better hope that I don't strike you dead
All alone my fists, rage, and adrenaline
And to think I used to call you my friend
You're just a bitch who's insecure and full of shit
I'm flawed but at least I admit it
See your face so battered and bruised now
Had to put your campaign to an end somehow

Shut the fuck up (x4)

I'm not sorry for what I've done
You're just a stupid fuck
I'm not sorry for what I've done
You're just a stupid motherfucker

I don't know how
I don't know why
I do know one thing though
You better

Shut the fuck up (x8)
