I thought my searchin' was done when I found you.
So sure that you were the one it was all leading to.
I can't believe that you're walking away
Now no other will do.

You say, to give it time, that I will see,
That you are only doing what is best for me
But I say that my chances now can only be
None to none of finding another only one.

I would so love to believe, it's best for you to go,
Right now, I could use anything to soften the blow.
I can't deny what I know to be to be true,
What you want for me, I just can't be for you.

You say, to give it time, that I will see,
That you are only doing what is best for me
But I say that my chances now can only be
None to none of finding another only one.

Some people never get as far as finding their only true
one.
And would they ever go so far as far to say I am lucky.
I don't feel so lucky tonight... tonight... tonight...

You say, to give it time, that I will see,
That you are only doing what is best for me
But I say that my chances now can only be
None to none of finding another only one.
Finding another only one.
