I thought my resolve  
Was too hard to be broken  
It's easy to pretend  
That you were just joking

There's no need to see plans  
Through to fruition  
Especially if  
You've guessed the conclusion

Some of us want to go back to our families  
Stand down with Enrico Gatti  
Some of us want to go back to our families  
Stand down with Enrico Gatti

A right to advise, advice of the wise  
There's no shame in giving in

I'm delighted to have found  
If it's too heavy  
You can  
Just put it down

The bravest decision  
You ever make  
Is admitting that  
You've made a mistake

Some of us want to go back to our families  
Stand down with Enrico Gatti  
Some of us want to go back to our families  
Stand down with Enrico Gatti

A right to advise, advice if you're wise  
There's no shame in, giving in

Stand down, stand down  
Stand down, stand down  
It's not a lack of determination  
It's more heroic resignation

Some of us want to go back to our families

Stand down with Enrico Gatti  
Some of us want to go back to our families  
Stand down with Enrico Gatti

I've no right to advise, advice of your wise  
There's no shame in giving up
