I cant go on, living, without you
I cant go on, without seeing you smiling baby
I cant go on, living, without you
I cant go on, without holding you in my arms

Sometimes people make mistakes in their lives
Why we have to end things this way
I guess im trying to say
That i really miss your lovin
And i really miss your huggin
Everyday, everyday, everyday, everyday
I sit awake everynight, wonder if i'll ever find
I know that we fight
But then i try to see myself, with someone else
But i always see myself, running back to you baby baby

Cant go on living without you
All the times i said that i doubt you
Be there, i swear
It doesnt mean a thing and you mean everything, to me
when your close to me
I get chills cos it feels so real
I cant resist boy i need your kiss
I just cant go on like this

Im trying to fight my tears
Im holding back after all these years
I'll lose myself if you walk away from me again
Coz i gave you my heart
And not just a piece of it
I loved you from the very start
And that love can never go away
Im missin you everyday your gone
Since you went away, i've been lost
And when my phone rings
I hope its your call
But i'll just keep wishing things that just dont come true
and all of it just makes me sad
It dont help and then i end up getting mad at myself
Tell me baby why you wanna make me feel like that

Cant go on living without you

All the times that i said that i doubt you
Be there, i swear
It doesnt mean a thing, and you mean everything, to
me when your close to me
I get chills coz it feels so real
I cant resist boy i need your kiss
I just cant go on like this

After all this time that passed
I still want you in my life
You were my first love and i want you to be my last
I still remember all of the mornings
we made a bed together and laughed
I wish that would last forever
Until you come back to me
All i have are old memories
Days of you and me
Still i wish you'd just come back to me
Im cryin every second your gone and i sit alone every
night
Writing these stupid love songs
Baby come back to me
I know that things have changed
And i know that your in a different place now
But im willing to change to keep my place
Your the only man i've ever loved
How can you walk away and never look back
Never look back

Cant go on, living without you
All the times that i said that i doubt you
Be there, i swear
It doesnt mean a thing and you mean everything to me
when your close to me
I get chills coz it feels so real
I cant resist boy i need your kiss
I just cant go on like this

I cant go on living without you
I cant go on without seeing you smiling
I cant go on living without you
I cant go on without seeing you smilin baby

Cant go on living without you
All the times i said that i doubt you
Be there, i swear
It doesnt mean a thing and you mean everything to me
when your close to me
I get chills coz it feels so real
I cant resist boy i need your kiss
I just cant go on like this
