Baby i love you (i love you) and I'll never let you go(let
you go),
But if I have to, boi I think that you should know(think
that u should know),
All the love we made (love we made)can never be
erased(erased)
And I promise you that you will never be replaced

Baby i love you (i love you) and I'll never let you go(let
you go),
But if I have to, boi I think that you should know(you
should know),
the love we made (love we made)can never be
erased(erased)
And I promise you that you will never be replaced

I love you,
yes I do(yes I do)
I'll be with you
as long as you want me to
until(until)the end (the end) of time (of time)

From the day I met you
I knew we'd be together
And now I know I wanna be with you forever
I wanna marry you
and I wanna have your kids(have ur kids)
Things could never compare to the feeling of your
kisses,
I can say I'm truly happy to this day
You make me thank god that I live my life everyday
There's never been a doubt
in my mind
That I regret ever having you by my side
But if the day comes that I have to let you go
I think there's something I should probably let you know
Enjoyed everyday that I spent with you
and I will miss you cuz I'm happy that I had you at all

Baby i love you (i love you) and I'll never let you go(let
you go),

But if I have to, boy I think that you should know(think
that u should know),
All the love we made (love we made)can never be
erased(erased)
And I promise you that you will never be replaced
