Baby i love you and i'll never let u go,  
but if i have to boi i think that you should noe,  
all the love we made, can never be erased,  
and i promise you that you wil never be replaced.

Baby i love you and i'll never let you go,  
but if i have to boi i think that you should noe,  
all the love we made, can never be erased,  
and i promise you that you will never be replaced.

i love you, yes i do.

I'll be with you as long as you wan me to,  
until.... the end... of time....  
from the day i met you i knew we'd be together,  
and now i know i wanna be with you forever,  
i wanna marry you,  
and i wanna have your kids,  
thinking never compared to the feeling of your kisses.  
I can say, i'm truly happy to this day,  
you make me think i'll die i'll live my life hesitate,  
there's never been no doubt,  
in my mind,  
and i regret ever having you by my side.

But if the day comes that i have to let you go,  
i think there's something i should probably let you  
know.  
Join everyday,  
that i spend with you,  
and i'll miss you cos i'm happy that i have you at all...
