Clunk says to me let's move forward
Just sign the lease "backwards or nothing"
Do you think in the end we can still be friend's?

Percy stabbed the Queen, felt it was to excessive
To burn her at the stake as the governor ordered
Do you think in the end we can still be friend's?

And then Clunk says to me, and I'm telling you
You drunk, could I at least run for president?

Will you show me religion?
Well I'm begging you please
But it's harder to please you
When you're down on your knees
Clunk I'm lazy!

There's no loyalty in our present company
There's no history, just relative writing
Do you think in the end we can still be friend's?

Percy stabbed the Queen, felt it was to excessive
To burn her at the stake as the governor ordered
Do you think in the end, this will ever end

And then Clunk says to me, and I'm telling you
You drunk, could I at least run for president?

Will you show me religion?
Well I'm begging you please
But it's harder to please you
When you're down on your knees
Clunk I'm lazy!
